

WASATCH BACK TRAIN

CONNECT FRONTRUNNER, HEBER CITY, PARK CITY AND TRAX

Save Time and Lives

Imagine no longer having to drive up Parleys or Provo canyon and having to find parking. Building the WBT will save lives and time. Rail travel is 20 times safer than driving.

Clean Up Utah's Air

Pollution in Utah's air is causing more asthma, strokes, heart disease, dementia and shortening lives. Traveling by electric rail can reduce pollution emitting cars on the road.
